- **Back-End:** Node.js, Express, PHP, Laravel, Java, Python, RESTful APIs
- **Database & Cloud Services:** Firestore, Supabase, Postgres, SQL, NoSQL, Google Cloud Platform (GCP), Firebase
- **Ai Tools & Platforms:** v0, Cursor, Github Copilot, BitBucket, Git, GitHub, Docker, CI/CD, Webpack, Babel

WORK EXPERIENCE

Full Stack Developer - Dentsu Creative, Toronto Ontario | 2023 – 2025

General Motors Live - *React (TypeScript) / Material UI / Node.js (Express) / Firebase Functions / React Native / Symbl AI*

- Designed and developed a full Content Management System and virtual showroom connecting EV buyers with live product experts for real-time Q&A and education.
- Built scalable full-stack architecture using Node.js, Firebase Functions, and TypeScript for seamless communication and data handling.
- Developed responsive front-end components with React, Material UI, and React Native, ensuring consistent cross-platform UX.
- Leveraged Firebase and Google Cloud Platform for secure hosting, authentication, and deployment with high availability.
- Integrated Symbl AI for conversational intelligence, providing transcriptions and real-time interaction insights.
- Collaborated with design and product teams to refine workflows, managed tasks in JIRA, and delivered on agile milestones.

Full Stack Developer - DevLift Media, London Ontario | 2020 – 2023

Glissner - *React (TypeScript) / Material UI / Framer Motion*

- Built a responsive, animated front-end with React and Motion.dev for a polished, high-performance site.
- Improved UX through optimized rendering and dynamic interactions.

Alexandria - *jQuery / API Integration*

- Developed a scalable jQuery API layer for searchable pharmacist content.
- Enhanced data delivery speed and accuracy with optimized query logic.

Baseline - *React (TypeScript) / Redux / Tailwind / Firebase*

- Built full-stack financial app with secure auth and real-time data sync.
- Designed robust state management and reporting interface.

LockDocs - *React (TypeScript) / Material UI / Firebase*

- Created end-to-end PDF signing workflow with secure file handling.
- Managed full client lifecycle from requirements to deployment.

EDUCATION

Fanshawe College – Diploma - Internet Applications and Web Development – 2020
